Hi Rene and Eric:

There is another report that is being written discussing EPA's groundwater sampling investigation in northeast Juneau County, Wisconsin. The report discussing EPA's investigation is not complete yet. Dean Maraldo, Environmental Scientist, with EPA is working on completing that report.

If you have questions about the reports on the website I would be glad to speak with you, if you would like to know more about the report Dean Maraldo is writing his e-mail is Maraldo.dean@epa.gov.

Sincerely,

Cheryl Burdett

Hi Rene and Eric,

I am on a detail as the Special Assistant to the Regional Administrator for four months. Since the RA, the Chief of Staff, and I are on travel, I am referring people to Jim Payne, the Acting DRA, while I am out of the office. However, this matter pertains to my regular full time job, so you were correct in not copying Jim.

Cheryl Burdett, in our Water Enforcement and Compliance Assurance Branch, wrote the inspection report. Cheryl is our CAFO Program Manager (Cheryl – please correct that title if I screwed it up), she enforces the CWA, and I copied her on this message. I enforce the SDWA. Cheryl wrote the report and I believe mentioned that it is at a link on the internet. However, Cheryl, when you have a few minutes, may you please copy and paste the link to your Central Sands area inspection report for Rene and Eric.

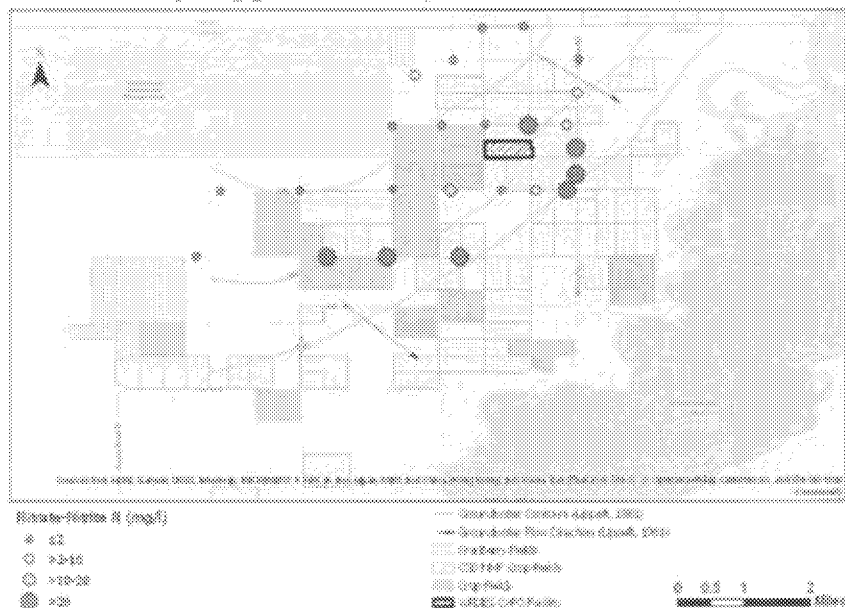

Thank you,
Jenny

Jennifer,
We have been looking at the information for the Juneau County, WI, EPA website (<https://www.epa.gov/wi/juneau-county-groundwater-screening-investigation>) in the multiple reports that are provided.

The links do not seem to have a report that discusses the results of investigation in a conclusive manner. At best I found several figures in the Northeast Juneau County Groundwater Investigation report, such at the one below--

Figure 6. EPA CRL Nitrate-Nitrite N Results
(boring groundwater samples 20-34' below surface)

I talked with Eric last week and he did not seem to be any clearer on this that I am, so he requested that I contact you. I did not include Jim Payne (as your message indicates) since he is listed as the Acting Regional Administrator and if he is, he must have other things to deal with than this kind of questions. Did I miss something on that also?

Please reply or call me when you do return to discuss this further.

Thanks,

René
